BEVERAGE

SALT Waterfront Restaurant will provide an open bar of beer, wine, soda, and a Champagne Toast. Soda, water, and non-alcoholic beverages are included.

STAFF

SALT Waterfront Restaurant will provide 1 chef, 2 bartenders, and 5 servers to set up and break down the room, serve the food, keep the area clean and stocked.

The proposal does not include gratuity for the staff. We do not include the gratuity; we leave it at the client's discretion. The staff works hard to make your event as you imagine it.

RENTALS

SALT Waterfront Restaurant will provide linens for the tables, dinner plates, cake plates, forks, knives, wine glasses, napkins, etc....

CONTRACT WITH THE UNIVERSITY OF MIAMI

The space is the dining facility for the University of Miami Key Biscayne Campus. A contract with the university is required to use the area. The university will charge a rental, security, cleaning fee, and require event insurance (can easily be found online with a quick "event insurance" search). In total, I would say to plan on close to \$1,000.00 all together for this. In addition a minimum of \$2,000.00 must be spent with SALT Waterfront Restaurant in catering, staff, beverage, etc..

PARKING

Parking is free and open to patrons after 4:00 p.m.

PRICE

The above menu, staffing, etc... for 100 people can be done for \$10,000.00

Thank you again for your interest in holding your event at SALT Waterfront Restaurant. I Look forward to speaking with you more. I hope this info is enough to get you started, and helps with some of your questions. If there are portions of the menu and proposal you would like to change, we can always revise accordingly.
